On behalf of the Board of Trustees of the Edison Sheltered Workshop (ESW), I am pleased to announce the appointment of Brij Chawla as Executive Director.

Brij has done a tremendous job as Acting Part-time director over the last six months plus and we are so excited to have him join ESW as a Full-time Executive Director effective February 1st, 2022.

Please join us in congratulating Brij and I know I can count on all Staff and Board members in a team effort to bring ESW forward in meeting our challenges in these difficult times.

Rick Parker
President
